The YMCA of DeKalb County Early Learning Center offers a well-balanced program focused on the developmental and individualized needs of the child. This program offers year round care for children ages 6 weeks through 5 years. The program utilizes the highscope curriculum and provides school readiness skills developmentally aligned with the Indiana Department of Education's Foundations for Early Childhood. We are committed to nurturing the individual growth of the whole child, spiritually, intellectually, socially and physically. We follow the regulations for State Licensure and participate in the Paths to Quality rating scale for childcare programs.
